Please describe with an appropriate level of detail the mission and responsibilities of the Member with respect to audit regulation:</b></p> <p>The Swedish Inspectorate of Auditors (RI) was established by the Swedish Parliament in the Auditors Act of 1995, succeeded by the present Auditors Act (2001:883), hereafter referred to as the Auditors Act. RI is a governmental authority under the Ministry of Justice.</p> <p>RI is the government's authority for all matters concerning auditors. RI has two overall tasks; firstly, to provide the Swedish business world with highly qualified auditors and, secondly, to supervise and regulate those auditors.</p> <p>RI's task in the supervisory field covers supervision of statutory auditors and registered audit firms as well as supervision of auditing. It also includes the task to ensure that professional ethics for auditors, as well as generally accepted auditing standards, are developed appropriately.</p>

<sup>1</sup> In the case where there are two or more regulators from the same jurisdiction that have been approved according to Section 2.3 of the IFIAR Charter, they together are considered as one Member. In that case, regulators are requested to include information for both organizations in the Member Profile.

	<p>The tools available for RI's oversight are recurring quality control (inspections) as well as risk-based inspections and the power to impose disciplinary sanctions. On the regulatory side of the supervisory function, RI can issue binding advance rulings in ethical matters and issue formal regulations in areas delegated by the government. However, the most important regulatory impact on the application of standards is statements by RI in its reports on inspections and its disciplinary rulings. The statements are published on RI's website. The name of the audit firm is published on the website but not the name of the auditor or the company concerned.</p> <p>RI's mandate covers all qualified auditors and registered audit firms and their audit of all categories of audit clients.</p> <p><b>2.4 Have there been any major changes to the Member's organization or to the governing legislation since completing last year's Member Profile?</b></p> <p><input type="checkbox"/> Yes                      <input checked="" type="checkbox"/> No</p> <p><b>If yes, please describe these changes with an appropriate level of detail:</b></p>

The audit profession includes, for example: audit firms, professional accountancy bodies and bodies or entities associated with the audit profession.</b></p> <p>RI has no board as a governing body. The Authority is headed by a Director General. The Director general is appointed by the government. According to the Swedish legislation the Director General or his or her deputy cannot be an authorized or approved public accountant. That means that the DG cannot still have the title authorized or approved public accountant and the EU-regulations says that an auditor should have left the profession three years ago.</p> <p><b>3.2 What are the eligibility criteria / requirements and composition requirements for the members of the governing body?</b></p> <p style="text-align: center;">See above.</p>

<sup>2</sup> An individual is independent of the profession even if he is a CPA, Chartered Accountant, or holder of another equivalent qualification, as long as this individual is not employed by or affiliated to a registered audit firm, nor employed by or affiliated to of a professional accountancy body, nor employed by or affiliated to bodies or entities associated with the audit profession.

	<p><b>3.3. Is each member of the governing body independent from the audit profession? That body is composed of nine external members, all on a part time engagement and appointed by the government on a three-year term. The chairman and vice chairman are high ranking judges, while the other members represent various professions or central governmental authorities. They are selected and appointed on a personal basis for their specific competence in audit related matters. Two of the nine members are authorized public accountants in practice.</p>

	<p>The Disciplinary Board is a part of RI's organization. In their capacity as members of the Disciplinary Board the member are by law covered by the same general requirements on decision making and confidentiality as the staff of RI.</p>
<p><b>4. Funding Arrangements</b></p>	<p><b>4.1 Describe the main funding arrangements of the Member, including the setting and approval of the budget and the fees, if any:</b></p> <p>RI is funded entirely by fees paid by auditors and audit firms. The government decides by means of regulation the size or the specific grounds on how to calculate most fees, e.g. the different annual fees levied on auditors and registered audit firms.</p> <p>Fees for taking part in professional exams arranged by RI are decided by RI itself. All fees are paid directly to RI. Failure to pay an annual fee is an immediate ground for withdrawal of an auditor's approval or the registration of an audit firm. RI sets its own annual budget according to the expected influx of fees but is obliged to keep costs and incomes in balance over time.</p> <p><b>4.2 Is the funding free from undue influence by the profession?</b>  <input checked="" type="checkbox"/> Yes                      <input type="checkbox"/> No</p> <p><b>Please describe with an appropriate level of detail the safeguards in place to prevent undue influence by the profession:</b></p> <p>See above.</p>

	<p>RI has the sole responsibility for the system for inspections of audit firms and auditors. RI's inspection schedule is based on the EU Audit Directive and Regulation. RI does directly inspect all PIE-firms and a selection of PIE-auditors.</p> <p>When it comes to inspections of auditors and audit firms that do not audit PIEs, RI relies on the inspections carried out by the professional Institute, FAR. The activities of FAR are monitored by RI. Under an agreement between RI and FAR, the organization has a duty to report to RI material breaches of auditing standards or professional ethics.</p> <p><b>5.3 Please describe with an appropriate level of detail the requirements and practices regarding the frequency of inspections:</b></p> <p>The inspection is performed every third or sixth year depending on the size of the clients for the audit firm.</p>
<p><b>6. Audit and Financial Market</b></p>	<p><b>6.1 Provide the number of audit firms subject to inspections. The percentage of 91 % is overall consistent over the years.</p>

The rules are built on a principles-based approach.</p> <p>The add-ons are mainly based on requirements in i.a. the Companies Act and developed by the professional institute FAR. RI has the ultimate responsibility to secure that the ISAs and national add-ons are developed and interpreted in a proper way.
