<p><b>4. Funding Arrangements</b></p>	<p><b>4.1 Describe the main funding arrangements of the Member, including the setting and approval of the budget and the fees, if any:</b></p> <p>The FMA’s annual appropriation from the Crown is determined by the Government and is made up of Crown funding and third-party funding. Third party funding is obtained from levies paid by financial market participants, including auditors. The FMA also recovers some of its costs through fees for services it provides, including licensing fees, auditor quality review fees, and other fees.</p> <p>The FMA consults with levy payers and other affected parties before seeking any change to its appropriation. Similarly, the Ministry of Business, Innovation and Employment (MBIE) consults on changes to levies. The FMA and MBIE publicly consulted on changes to the FMA’s appropriation and the FMA’s levies earlier this year. MBIE announced Cabinet’s approval of changes to the FMA’s funding in October. Further information on the consultation and regulatory impact can be found here.</p>

	<p>Full details of the levies, including the classes of persons who must pay a levy and the amounts payable, can be found in the Financial Markets Authority (Levies) Regulations 2012. The FMA’s audited financial statements provide additional information on the funding of the FMA. The FMA’s budget is prepared by its executive leadership team and approved by the Board. You can find this in the FMA’s annual Statement of Performance Expectations.</p> <p><b>4.2 Is the funding free from undue influence by the profession?</b></p> <p><input checked="" type="checkbox"/> <b>Yes</b>                      <input type="checkbox"/> <b>No</b></p> <p><b>Please describe with an appropriate level of detail the safeguards in place to prevent undue influence by the profession</b></p> <p>As set out above, the FMA is an independent crown entity. Our budget is approved by our government. The levies charged to auditors and the fees paid by Audit Firms in relation to audit quality reviews are set by law and are incorporated in the total budget of the FMA as a security regulator.</p> <p>Any Levies and Charges to the Audit Profession will not impact the overall budget received by the FMA for executing its tasks. It would rather impact the split between government funding and funding from market participants (which includes audit professionals). Therefore, our funding is independent from the profession.</p>
<b>5. Inspection System</b>	<p><b>5.1 Does the Member have the responsibility for recurring inspections of audit firms undertaking audits of public interest entities (PIEs)?</b></p> <p><input checked="" type="checkbox"/> <b>Yes</b>                      <input type="checkbox"/> <b>No</b></p> <p><b>5.2 Is this responsibility undertaken directly or through oversight of inspection conducted by another organization?</b></p> <p><input checked="" type="checkbox"/> <b>Directly</b>                      <input type="checkbox"/> <b>Through Oversight</b></p> <ul style="list-style-type: none"> <li>• <b>If directly, kindly provide a brief description or summary of the responsibility, including the regulatory reporting process after inspections i.e. recommendations issued, follow-up, etc.).</b></li> <li>• <b>If through oversight of another organization, please describe with an appropriate level of detail the other organization, its relation to the Member, its role, and the arrangements for oversight:</b></li> </ul> <p>The FMA carries its inspections as set in the Auditor Regulation Act 2011. This Act requires FMA to perform reviews of audit firms on a four-yearly cycle. To meet international requirements, the FMA conducts reviews of the big 4 audit firms every 2 years and any other registered firm every three years.</p>

	<p>Each review is required to cover the quality controls systems at the audit firms and to review a reasonable number of audit files on their compliance with the auditing standards.</p> <p>The inspections are performed by the FMA audit oversight team. Our inspection team include 3 staff members and are supplemented by staff members of our Financial Reporting division. Our review teams may also be supplemented by inspectors of other overseas audit regulators or other suitable contractors (not employed by audit firms).</p> <p><b>5.3 Please describe with an appropriate level of detail the requirements and practices regarding the frequency of inspections:</b></p> <p>An audit quality review must be carried out at least once in every four years. Part of this function is monitoring the auditor’s compliance with the permanent education requirements. The FMA monitors the professional bodies oversight of this annually.

- **If through referral, please indicate the name of the other organization and its composition (i.e. whether practitioners from the audit profession are involved in decision-making). Also give a description of the enforcement powers of the other organization and procedures applied, as well as the role of the Member in these procedures.**

The responsibility for conducting investigations and disciplinary proceedings sits primarily with the accredited body that issued the licence. Accredited bodies are able to investigate suspected breaches of auditing and assurance standards, the Act, conditions of an auditor's licence or audit firm's registration, or their conduct rules or code of ethics. Where an accredited body, or its disciplinary body determines an auditor or audit firm has breached an obligation, it may cancel or suspend the auditor's licence or impose any other penalties available under its rules.

The FMA may start or take over investigation or investigate in conjunction with the accredited body (Section 75 and 76 of the Act). The FMA may, if it is satisfied on reasonable grounds that it is in the public interest to do so:

- (a) start an investigation; or
- (b) take over an investigation started by an accredited body; or
- (c) conduct an investigation in conjunction with an accredited body.

	<p>However, the FMA may not investigate the conduct of a member of an accredited body in respect of an FMC audit unless:</p> <p>(a) the FMA is satisfied on reasonable grounds that:</p> <ul style="list-style-type: none"> <li>i. the accredited body has decided not to investigate the matter;</li> <li>or</li> <li>ii. the matter is not being investigated promptly or otherwise in a reasonable manner by, or on behalf of, the accredited body; or</li> </ul> <p>(b) the accredited body has asked the FMA to investigate the matter.</p> <p>If the FMA starts, or takes over, an investigation the accredited body may only investigate that matter or take disciplinary or other action with the FMA's written approval.</p> <p>However, the FMA may not act on an investigation in respect of the conduct of a licensed auditor if the conduct is, or has been, the subject of proceedings before a disciplinary body.</p> <p><b>7.6 If the Member has the responsibility for other tasks within the area of Audit Oversight, please describe with an appropriate level of detail:</b></p> <p style="text-align: center;">-</p>
